WATER WORKS FOR A DEVIATION FROM)	
THE REQUIREMENTS OF 807 KAR 5:066,)	CASE NO.
SECTION 5(4), REGARDING WATER)	90-194
STORAGE)	

O R D E R

On July 6, 1990, the South Shore Water Works Company ("South Shore") filed an application for a deviation from Commission regulation 807 KAR 5:066, Section 5(4), which provides that each utility shall maintain water storage to ensure a minimum of one day's supply of its average daily water usage. By Order issued on August 17, 1990, the Commission denied South Shore's application, stating that South Shore was bound by the Commission's Order of July 20, 1988 in Case No. 10263¹ to bring its water storage facilities into compliance with Commission regulations by August 1, 1991. By letter received at the Commission on August 22, 1990, South Shore provided additional information regarding its storage capacity to the Commission and requested a conference and/or a rehearing in this proceeding.

After reviewing the additional information provided by South Shore, the Commission finds that South Shore's petition for rehearing should be granted and an informal conference scheduled.

¹ Case No. 10263, The Application of South Shore Water Works Company for a Deviation from the Requirements of 807 KAR 5:066, Section 5(4), Regarding Water Storage.

IT IS THEREFORE ORDERED that an informal conference be and it hereby is scheduled for September 19, 1990, at 10:00 a.m., Eastern Daylight Time, in Conference Room 1 of the Commission's offices at 730 Schenkel Lane, Frankfort, Kentucky. Representatives of South Shore shall be prepared at the conference to provide Commission Staff with documents and/or other information supporting the data filed with respect to amount of water produced, amount of water sold, and storage capacity.

Done at Frankfort, Kentucky, this 11th day of September, 1990.
